BOATS LEAVING TO-DAY.
Dunbar, Cairo; Gen'l White, Henderson.

..... The Weather yesterday was cloudy and very cool during the earlier part of the day, but toward evening it became clear and more pleasant. There was a light rain the night before, in consequence of which the River was swelling a very little yesterday

..... The Dunbar is in port and will be receiving freights until noon, when she leaves for Cairo. Let our shippers give her a good trip.

.... The Evansville and Cairo packet Charley Bowen is in port and will be receiving treights to-day for all points on the lower river. The Bowen possesses an advantage over the other " short packets" in the arrangement she has for reshipping her freights at Cairo. Shippers patronizing her have the satisfaction of knowing that their goods will go safely and speedily to their destination.

..... Capt. Lancaster has made arrange" ments to run the Gen't D. M. White in such a manner as to accommodate the citizens of Henderson who wish to attend the District Fair to be held here next week. During the holding of the Fair the White will leave Henderson in the morning and return in the evening, lying there over night, instead of at this place as heretofore.

····· We yesterday published a paragraph, clipped from an exchange, relative to the shipping rates at Cairo, stating that there had been a decline. We have since learned that this is a mistake, and that the rates on freights from that point to New Orleans are still fully 15 per cent. above the Associa-

.... The Lue Eaves arrived from Green River and returned with only a fair trip of freight. The river is still in a bad condition, and there is but little freight moving. The famous fast packet Capital is offered for sale at New Orleans by the Bayon Sara Mail Company.

..... The Cincinnati Enquirer says: The marine pumps that were sent down to raise the sunken steamer Fortune were brought back yesterday on the Sunny South. The Fortune has broken in two, but the boat has been wrecked.

.... It is stated that Capt. Geo. W. Cable has bought a one-fourth interest in the John Walsh at St. Louis, and that Capt. Chauncey Cable is to take command.

..... The lately sunken steamers Choctaw and City of Louisiana, have arrived at St. Louis, where they will be repaired.

HENDRICKS AND THE PROPER .-- Keep it be fore the people that T. A. Hendricks, although elected in 1852 by over 3,700 majority in the 6th District of Indiana, and after the introduction and before the passage of the Kansas-Nebraska bill, which contained the repeal of the Missouri Compromise, and which has extended slavery into a free territory more than five times as large as the State of New York, admitted to his constituents "that the bill was unnecessary and uncalled for, and dangerous to the peace and integrity of the Democratic party; yet upon the Administration promising to " take care of such members of Congress as should vote for that measure, and for so doing, be defeated by their constituents," T. A. Hendricks, well knowing that his constituents were opposed to that bill, did betray them, and voted for it; did seek and obtain a nomination in 1854 for re-election, and was by that same constituency, for that betrayal, at that election, defeated and repudiated by over 500 majority; and that that administration did take care of him, by rewarding him for that betrayal of his constituents with the appointment of Commissioner of the General Land Office, upon the spoils and incident of which he has grown wealthy. Can an honest man, thus betraved, vote a second time for his betrayer? Ind. Jour.

NEW YORK, Sept. 20th .- The Herald's correspondent says Mr. Seward made to-day the great speech of the campaign. He looked to the acquisition of British America, Russian America, and Spanish America, and declared that the man was born who would live to see the American people coming to the harmonious understanding that this is a land of freedom and free men, that it is the land of the white man, and that whatever elements there are to disturb its present peace will before long pass away without endangering this great Union .-Talking of the threats of the South to dissolve the Union he asked, who is afraid?-Nobody can be bought. He prophesied that the time would come when New York would cease to be the Empire State, and Pennsylvanis would cease to be the Key-Stone State, as Virginia has already ceased to be the Old Dominion. The New Dominion, the Empire State, and the Key-Stone State would he hereafter in the Mississippi Valley.

Mosile, Sept. 17 .- The gale at this port was very severe. Five steamboats were filching from the treasury through the pubsunk during the storm. The ship R. Dizic, from New York for this city, was blown ashore on the lower bar in Mobile bay, and became a total loss. The Captain and several of the crew perished. Goodman's warehouse, with 2,800 bales of cotton, was destroyed by fire on the 15th.

NEW ORLEANS, Sept. 20.—The steamer Francisco, at Havana, reports that Walker and Runnels had been shot by the Honduras Government. The men were allowed to depart unmolested.

LOUISVILLE, Sept. 20 .- The Louisville and Memphis Railroad was opened yesterday to Clarksville. It will be opened to Memphis by the first of February.

NASHVILLE, Sept. 20 .- The Odd Fellows paid a complimentary visit to Mrs. Ex-President Polk.

They rejected the proposed amendments to the Constitution. To-day they visit the Hermitage in a body.

A Word to Republicans and Bell Men Those who are advocating the election of John Bell and Edward Everett, for the two highest offices in the gift of the American people, are working for the accomplishment port Lincoln and Hamlin-the defeat of bogus Democracy. Lane less certain; and they hope also to prevent a portion of the Republicans from voting for Mr. Davis, with the hope of defeating him. We do not believe they will be able to accomplish their purpose.-Both elements of the Opposition understand their object, and will pay no respect

to their endeavors. The uniting of the Republicans and Bell men on the State and Congressional ticket will undoubtedly give us success .-The success of our State ticket accomplishes the annihilation of Democracy in Indiana, for it is now in its dying struggles. The election of John S. Davis to Congress redeems this District, and will give us a representative who will have the interest of the District at heart. For years we have been misrepresented in Congress, and the interests of our people neglected.

We believe that we understand the general feeling of the Bell men of this county. We are in daily intercouse with them, and we are sure that they are carnestly supporting our State ticket. They desire the election of Col. Lane, and will give their sup-

port to him in October. By all means, then, let there be unanimity of action, so far as the State and Congressional tickets are concerned, between the Bell men and the Republicans. Let us work shoulder to shoulder for joint success in October. The purpose that suggests union is a common one-one in which both | immediate cure for ingrowing nails. OLD ABE TO MAKE A SPEECH .- All the other candidates for the Presidency having taken the stump, it has been decided by Mr. Lincoln's friends to call him out. He will address the people, of all parties, from the east portico of the Capitel at Washington City, on the 4th day of March next.

According to the best authority, the number of persons on board the Lady Elgin, when she left port, was 393, including the crew. Of these 114 are reported as saved. This would leave 279 lost, of which the bodies of only 67 have been recovered.

The State Ticket.

The glaring corruptions and extravagance of the general government attracts the attention of the people to such a degree that we fear they lose sight of the enormous frauds practiced by Governor Willard and just in from the plains we learn that the his party in the administration of the affairs telegraph poles are set within twenty miles of this State. The people of Indiana are of Fort Kearney, and although they have to | more directly interested in a fair and honest control of the finances of the State than off the line, the company are putting up five they are of the general government, and or six miles a day. The poles will be up to should labor, first and most zealously, to Kearney by the middle of October and the effect a change there. We have heretofore wire about the first of November. The shown up the reckless and dishonest course company has pushed the construction thus of the Governor in carrying out the munifcent grant of the swamp lands-that hundreds of thousands of dollars have been arising from a disordered liver, or weakness of Pony Express from Kearney, which will insquandered upon political partizans for parstomach and digestive organs,

For nearly twenty years the Democratic leaders have controlled the finances of the State."It is full time there should be a settlement and a balance sheet presented to the people .-This can only be done by a change of rulers. We have looked into the Auditor's Report with some care, and we venture this assertion, that the people of Indiana will never know for what the heavy taxes of the State have been expended. The careless and indefinite manner in which the books are kept, will prevent anything like a satisfactory exposition of the receipts and expenditures being made to the people. A commission of able men are now engaged in endeavoring to ferret out and bring to light the dark transactions of the State Treasury. How far they may succeed, time alone can determine. This commission cannot report until the meeting of the Legislature next winter, and therefore the people cannot know the result of their labors until after the election. Our opinion is, however that they find everything in such confusion that nothing definite can be found out, as to what has become of the

Bor The State Military Encampment will commence to-day. The gathering of the soldiery will attract a crowd of people from all parts of the State. If the Encampment should prove successful, it will do much toward aiding our military organizations and improving the condition of the military affairs of the State. Indiana is behind many of her sister States in the efficiency of her volunteer milita-a condition of affairs that should be remedied by proper legislation .- Indianapolis Journal, 19th.

NEW ROAD TO HARMONY .- The Courier informs us that its recommendation to the "sole aim to cultivate a spirit of fraternity between the North and the South."

The means seem admirably adapted to the end. The idea is quite as brilliant as the tact of an editor who begins a mission to advocate the cause of Breckipridge and Lane in the Free States by instigating moblaw in the South .- Cincinnati Press.

A Horticultural Society was organized at Indianapolis last spring, and is now in a flourishing condition. They had a fine exhibition of fruits and flowers in the State House on Wednesday, When shall we have such a Society here.

Ber Some of the Democrats are consoling themselves with the fallacy that Washburn's majority in Maine now is not as large as Hamlin's was in '56, when, according to the Buffalo Republic, he had a majority of 26,000. But this was not his majority. He had that plurality over his highest competitor. Over both, his majority was but 19,334. How much less than this is the Republican majority now?

The at Doughfaces" must look elsewhere than to Maine for comfort. But where is that "elsewhere?"-Albany Journal. THE two wings of the Democratic party

in Wisconsin have been disputing as to which side Judge Cate, of that State, belonged. He has settled the question, however, by coming out for Lincoln. A NUMBER of Wide-Awake Clubs have

It seems natural to a Democrat to hate a poor man. Senator Wigfall, of Texas, thinks him a criminal : Senator Hammond of South Carolina, calls him a mudsill; Senator Green, of Missouri, denounces him as one of the lazzaroni; Johnson thinks he others. INTERESTING TO OIL WELL STRULLATORS. -Late intelligence from the oil districts reveals the fact that the celebrated Tideout well stopped flowing over the top after throwing some two hundred barrels. A pump has been inserted and the well is now yielding some thirty barrels a day. The famous Crosbey well has dwindled from seventy barrels a day to six or seven, but the owner thinks the failure is attributed to the filling of the pump, and hopes to do better when it is cleaned. Out of two hundred and sixty-seven wells on the creek above Titusville, only thirty-four are yet pumping oil.—Pittsburg Essning Chronicle. the owner thinks the failure is attributed to pumping oil .- Pittsburg Essning Chronicle.
